Feedback to China on the level of implementation of IOTC Conservation and Management Measures identified by the CoC14 in 2017.

Feedback: With regards to the level of compliance by China to the decisions of the Commission, the Compliance Committee noted certain issues that required attention. These concerns were communicated to China by the Chair of the Commission in a letter dated 26th May, 2017.

• Has not reported Size Frequency for longline fishery to IOTC Standard (Size data from observers only and less than 1 fish per metric tons.) as required by Resolution 05/05.
• Has not reported Size Frequency on sharks to IOTC Standard (Size data from observers only and less than 1 fish per metric tons.) as required by Resolution 05/05.
• Has not fully implemented the observer scheme, as required by Resolution 11/04; coverage <5% for vessel > 24m.
• Has not provided its annual report for the Bigeye Tuna Statistical Document Programme, as required by Resolution 01/06.

Response: The response to the letter of the Chair of the Commission was provided by China on 20 March 2018.

Current issues on the level of implementation by China of IOTC Conservation and Management Measures identified for discussion in the CoC15 in 2018.

Having reviewed the 2018 Compliance Report for China, the Chair of the Compliance Committee has identified the following significant non-compliance issues for discussion.

Compliance issues	Current status (2018)	Previous Status (2017)
Repeated compliance issues		
• Has not reported Size Frequency in the longline fishery and for sharks to IOTC Standard (less than 1 fish per metric tons.), as required by Resolutions 15/02 and Resolution 05/05.	P/C	P/C
Non-repeated compliance issues
